**NOTICE OF DISCLOSURE FOR PUBLIC COMMENTS OF THE
RESETTLEMENT POLICY FRAMEWORK AND ENVIRONMENTAL ASSESSMENT
MANAGEMENT FRAMEWORK
FOR PUBLIC PRIVATE PARTNERSHIPS**

The above-mentioned **Environmental Assessment Management Framework** and **Resettlement Policy Framework** (the "**Frameworks**") have been prepared by the **National Agency for Public Private Partnerships** for the World Bank funded project to improve the enabling environment for public private partnerships ("**PPP**"s) in Sri Lanka.

The Frameworks, once adopted, shall establish the policy of the Government of Sri Lanka in managing the environmental and social impact of PPPs. The Frameworks provide protections for the environment and persons affected by PPPs and aim to establish a clear outline of responsibilities of both the Government and private contractors.
