**End-user Survey for the Integrated Treasury Management Information System (ITMIS)**

ITMIS is envisioned to address the operational inefficiencies and overheads in the current environment through effective utilization of Information and Communication Technologies, where applicable. Implementation of ITMIS is aimed at simplifying the current business processes adopted by MoF and spending units for fiscal management, conversion of current business processes into self-services, to automate internal business processes and workflows surrounding Government financial management and to provide a comprehensive reporting and analysis framework to support MoF in effective planning and monitoring of the Government finances.

As part of implementation of the Integrated Treasury Management Information System for the Treasury and all ministries, Fiscal Management Efficiency Project (FMEP) of Ministry of Finance (MOF) is planning to conduct an End-user survey and site survey to determine the End-user readiness.

Please download the templates along with the instructions for providing the details from the URL:  
<http://www.treasury.gov.lk/web/guest/itmisis-survey>

The filled in templates should be mailed to [info@fmeps.org](mailto:info@fmeps.org) on or before October 7, 2016.
