01. Overview

The Statistical Debt Bulletin is published quarterly by the Public Debt Management Office of the Ministry of Finance, Planning and Economic Development, in accordance with Section 24 of the Public Debt Management Act No. 33 of 2024.

This edition presents statistical information for the fourth quarter of 2025, outlining the structure, composition, and overall levels of Sri Lanka's public debt as of 31st March 2026.

The bulletin serves as an important tool in reinforcing the Government's commitment to fiscal transparency and accountability. By providing timely, reliable, and comprehensive data on public debt, it supports evidence-based policymaking, strengthens investor confidence, and enhances public understanding of the country's debt position. Regular dissemination of such information is consistent with international best practices and helps building trust among domestic and international stakeholders, including creditors, rating agencies, development partners, researchers, and the general public.

Sri Lanka's public debt comprises three main components:

- Central Government Debt
- Subnational Government Debt (borrowings by Provincial Councils and Local Government Authorities)
- Debt of State-Owned Enterprises (SOEs), including Government-guaranteed debt

This bulletin provides details on the stock of public debt, classification of debt instruments, and debt service obligations settled during the quarter. It also presents information on Treasury guarantees and letters of comfort issued by the Government, reflecting the broader landscape of contingent liabilities.

Sri Lanka's Debt Restructuring Progress

Sri Lanka has achieved substantial progress in restructuring its external debt following the public debt service moratorium declared in April 2022. Significant milestones have been reached across bilateral and commercial creditor categories.

On 26 June 2024, Sri Lanka finalized a debt treatment agreement with the members of the Official Creditor Committee (OCC), representing the country's major bilateral lenders. On the same date, Sri Lanka also concluded Bilateral Debt Treatment Agreements with the Export-Import Bank of China for loans owed to that institution. These agreements were implemented through the signing of amendment arrangements, completing the debt treatment process with China Exim Bank. Further progress was achieved on 24 December 2024 with the signing of amendment agreements with the China Development Bank, marking the conclusion of that restructuring process as well.

Meanwhile, Sri Lanka reached an agreement in principle with International Sovereign Bond (ISB) holders on 19 September 2024 regarding the restructuring of ISBs. The subsequent exchange of outstanding ISBs into new bonds was completed on 16 December 2024, achieving a participation rate of nearly 98 percent, facilitating the conversion of almost all defaulted ISBs into new International Sovereign Bonds.

Sri Lanka also made important gains in restructuring bilateral debt with Paris Club members. The signing of bilateral amendatory agreements with the Government of Japan, the Export-Import Bank of India, and the Government of the French Republic marked a series of key achievements. The restructuring process with Japan was concluded on 24 March 2025, followed by the signing of bilateral amendatory agreements with the Export-Import Bank of India on 25 March 2025 (Lines of Credit) and 3 April 2025 (Buyer's Credit Agreements). Sri Lanka has signed bilateral amendatory agreements with the Government of the French Republic on 16 June 2025, EXIM Bank of Hungary on 01 July 2025, Saudi fund on 14 July 2025 and the United Kingdom on 22 August 2025.

Bilateral amendatory agreements signed with the Government of Australia on 27 October 2025 and with the Government of Denmark on 11 November 2025. Moreover, the bilateral agreements with the Belgium and the Government of Germany were signed during the Quater 1, 2026.

As a result of these agreements, Sri Lanka has resumed regular debt servicing to the respective creditor partners.

Meanwhile, the restructuring process in respect of creditors from 13 countries remains ongoing. The Debt Advisors, in coordination with the Ministry of Finance, Planning and Economic Development; and the respective creditors, are continuing the necessary discussions and processes to finalize the restructuring arrangements.
