Junior ICT Consultant - Infrastructure of the e-GP Secretariat,
Sri Lanka Public Financial Management Strengthening Project
Department of Public Finance

1. Background:

Ministry of Finance, Economic Stabilization and National Policies (MOF) established the Electronic Government Procurement (e-GP) Secretariat in 2018 to develop an electronic government procurement system for the country. Since then, it has been functioning under the Department of Public Finance under the financial support from the consolidated fund of the GOSL. A Government e-GP system called the ‘The Procurement Management Information System (PROMISe)’ is currently under development by a vendor and a high-level project plan for phased roll out of various modules/functionalities across various procuring entities has been approved by the Project Steering Committee. In the year 2023, the Democratic Socialist Republic of Sri Lanka received a grant from for a Public Financial Management Strengthening Project funded by the European Union and AFD and administered by the International Bank for Reconstruction and Development (IBRD) and part of the proceeds of the grant will be applied for improving the operational efficiency and transparency in public expenditure through the development and roll out of the PROMISe system. The project is currently, scheduled to close in November 2026. An institutional structure for the e-GP Secretariat has been approved by the MoF for implementing the project and accordingly, the e-GP Secretariat expects to recruit a Junior ICT Consultant for Infrastructure aspects of the project.

2. Overall Objective Assignment/ Scope of work:

The primary objective of the Junior ICT Consultant within an organization is to ensure the efficient operation of information technology systems and infrastructure. This includes managing and maintaining IT systems, networks, and applications to support the organization's daily operations.
