2. Introductory Notes on the Budget Estimates 2024

The Appropriation Bill containing the expenditure estimates for the year 2024 was tabled in the Parliament on 05th October 2023. The Bill, after amending for the inclusion of budget proposals was subsequently passed by the Parliament as the Appropriation Act No. 34 of 2023 on 13th December 2023. These budget estimates present a detailed explanation pertaining to the expenditure estimates, which were summarily included in the Appropriation Act No. 34 of 2023 and the revenue estimated to be collected during the year 2024, in structured manner, in terms of the standard expenditure and revenue codes. The Appropriation Act consists of three schedules and a summary of the estimates under each schedule is given below.

First Schedule	- Indicates the expenditure of General Services of the Government by Programme which are authorized by the Appropriation Bill.	Rs. 4,310,846,788,000
Second Schedule	- Indicates the expenditure of the Government, authorized by law, which should be charged on the Consolidated Fund.	Rs. 6,965,991,412,000
Third Schedule	- Indicates the expenditure related to Advance Accounts Activities	Rs. 6,000,000,000

This publication is an appendix to the Appropriation Act No. 34 of 2023 and consists of the following parts.

1. Revenue Estimates
2. Expenditure Estimates

2.(a). General Estimates

General Estimates consist of budgetary provisions made under the First Schedule and the annual appropriations under the Second Schedule of the Appropriation Act No. 34 of 2023.

2.(b). Advance Accounts Activities

The limits fixed for the advance accounts activities indicated under the Third Schedule of the Appropriation Act No. 34 of 2023 is included in this part. Difference between the receipt of the advance accounts activities and the expenditure of the same will be the annual expenditure charged to the consolidated fund.

1. Revenue Estimates

The total revenue including tax revenue, non-tax revenue, Provincial Councils' revenue and grants is estimated to be at Rs. 4,242 billion for 2024. The statutes and regulations

relevant to each revenue code are given in Table 3.1.1, Table 3.1.2 and Table 3.1.3. Table 3.2.1, Table 3.2.2 and Table 3.2.3 indicate the provisional revenue for 2022, revised estimate for 2023, estimate for 2024 and projections for 2025 and 2026.

Revenue estimates of 2024 are based on the actual revenue collected up to September 2023, the assumptions regarding emerging economic trends including the gradual recovery of the economy in 2024, deceleration of inflation, and stabilization of Sri Lanka Rupee, and the staff's best judgment about performance of the economy and revenue.

The broad assumptions are as follows;

- The economy is expected to grow by 1.8 percent in 2024 with the picking up of economic activities. The growth is driven by expansion in the industry sector facilitated by better input availability, as well as the anticipated growth in agriculture supported by the uninterrupted grant of fertilizer subsidy and availability of other inputs. The expected growth in the services benefitting from the favourable economic conditions and the expected surge in tourist arrivals and remittances will also facilitate economic growth.
- The average inflation is expected to be maintained at an average of single-digit level at 7.9 percent in 2024.
- The unemployment rate is expected to be below 5.0 percent in 2024.
- Exchange Rate is expected to be stable in 2024.
- Export growth is expected to continue with the enhanced external demand, particularly from major trading partners and easing off of supply-side restrictions.
- The imports are expected to improve due to the relaxation of import restrictions and thereby an increase in revenue from import-based taxes is expected.
- The profitability of the financial sector is anticipated to improve.
- The estimated impact of the new revenue measures announced to support continued revenue-based fiscal consolidation in 2024 has been included in the budget estimates in consultation with the International Monetary Fund (IMF).
- Implementation of the re-structuring measures especially targeting loss-making State-Owned Enterprises (SOEs) will increase their efficiency and profitability.
- The revenue administration strengthening strategies implemented in the Inland Revenue Department (IRD), Sri Lanka Customs and Excise Department will contribute to increase in the Revenue.
- Implementation of Revenue Administration Management Information System (RAMIS) 2.0 version will further enhance revenue administration at IRD.

- Tax compliance at IRD will improve with the implementation of the strategy of opening a tax file for all individuals over 18 years of age, introduction of mandatory e-filing for individuals, increasing audit efficiency, strengthening of Large Taxpayers' Unit (LTU) and High Net Worth Individuals' Unit (HNWI Unit) and other strategies implemented at the IRD.

The assumptions and risks associated with the revenue estimates are detailed in the Fiscal Management Report 2023 issued under Section 10 of the Fiscal Management (Responsibility) Act, No.3 of 2003.

2. Expenditure Estimates

2.1. Responsibility of the Management

The Minister of Finance has delegated his authority to Secretaries to the Cabinet Ministries in order for them to function as Chief Accounting Officers.

Accordingly, each Head of Department shall be the Accounting Officer in respect of all financial activities of his/her department, unless any other arrangement is made by the Treasury in terms of F.R. 125(1)(a). In this case, the Secretary to the Cabinet Ministry will be the Chief Accounting Officer for all Departments, State Corporations, and Statutory Institutions coming under the purview of the Minister.

Further, in terms of Financial Regulation 124(2) Secretaries are accountable for the expenditure incurred under each Expenditure Head under their Ministries by virtue of them being appointed as the Chief Accounting Officers by the Minister of Finance. Accordingly Secretaries to Cabinet Ministries are accountable for the implementation of the projects and programmes mentioned in these estimates and for the expenditure incurred using the budgetary provisions allocated by these estimates.

2.2. Formulation of government expenditure estimates

Guidelines and instructions for the preparation of expenditure estimates 2024 were issued as usual by National Budget Circular No. 04/2023 dated 04.08.2023. The 2024 Budget Estimates have been prepared based on the gross estimates submitted by each expenditure institution in accordance with those guidelines, and some adjustments have been made to the estimates prepared by spending agencies, in accordance with the macro fiscal framework agreed with the IMF policy priorities, borrowing limits and expected revenue.

In view of the highly restrictive fiscal space, Budget Estimates for the year 2024 have been prepared discouraging projects that are further continued with local funds after the expiration of the period of project, expansion of office spaces, purchase of new furniture and

equipment, new recruitments, acquisition of lands for new projects except for ongoing infrastructure projects and purchase of new vehicles other than essential utility vehicles. Priority has been given to foreign funded projects enabling them to operate efficiently and without delays in a manner that benefits the people.
